Property Description

Location: galley bay, five islands, Galley Bay Heights

Located in a well sought after community in the Galley Bay area on the West coast of the island is a five acre hillside lot subdivided into six parcels with differing views of the sparkling turquoise Caribbean Sea and of the surrounding hills.

These premium parcels offer a stunning 360 degree panoramic views of the western coastline as far as Dickenson bay to the North. Some of them have both east and west aspects giving rise to amazing sunrises and sunsets.

There is public beach access only a few minutes away to Galley Bay beach and the four beaches at Hawksbill Beach resort.

With less than ten minutes drive to St. Johns the parcels of land are conveniently located close to town and as such this is the a great location to build a Caribbean dream home in the sun.

The infrastructures of road and utilities are already established.
